REISSUE APPLICATION DECLARATION BY THE ASSIGNEE

I hereby declare that:

I am authorized to act on behalf of the assignee of the patent, Andy Wolf, Inc., and the title of my position with said assignee is stated below.

The entire title to Patent No. D448,441, issued September 25, 2001, entitled SNOW-GLIDING APARATUS is vested in said assignee.

The last known residence, mailing address and citizenship of the inventor is stated below:

Full name of sole or first joint inventor: ANDREW WOLF

Residence: Gresham, Oregon

Citizenship: United States of America

Post Office Address: 915 N.E. 4th, Gresham, Oregon 97030

I believe said inventor to be the original and first inventor of the subject matter which is described and claimed in said patent, for which a reissue patent is sought on the invention entitled:

SNOW-GLIDING APPARATUS

the specification of which is attached hereto.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I hereby offer to surrender U.S. Patent No. D448,441, and request that a patent be reissued for the same invention upon the amended specification submitted herewith.

I acknowledge the duty to disclose information that is material to patentability as defined in 37 C.F.R. § 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, by reason of a defective specification.

At least one error upon which reissue is based is described as follows:

The priority claim was inadvertently omitted from the patent application: "This application is a continuation of and claims priority under 35 U.S.C. § 120 to U.S. Patent Application Serial No. 09/518,231, filed March 2, 2000, now issued as U.S. Patent No. 6,290,249." The addition of this priority claim will overcome the partial inoperativeness of the patent.

I hereby state that every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration in this application, arose without any deceptive intention on the part of the applicant.
